Homezone Marketing

The Masters Real Estate Group
Delivers a Complete Online Marketing
Campaign for Every Listing

Narrated Tour

We create full featured online tours with photos, audio, mapping, email, text message tools and much more.

Professional Print

Professional print materials including flyers, brochures, postcards, door hangers, and more!

Listing Website

This is a website that exclusively showcases your property...and only your property.

PROPERTY VIDEOS

We create content for video sharing sites, cell phone display, compact disc, and more.

Audio Tour System

Delivers information to prospective buyers about your property. All calls are tracked and no leads are overlooked.

AGGREGATE FEEDS

Real Estate is no longer a local business. Even though most buyers are local, they use the internet to search for real estate. That's why national exposure is so important. National listing websites receive over 10 million unique visitors per month. We submit listings to the top real estate websites in the country and around the world.

The screenshot displays a real estate listing page with the following elements:

- Video Player:** A central video player showing a house with a large front porch and a driveway. Below the video are standard playback controls.
- SELECT CHANNEL:** A dropdown menu with a list of price ranges: \$175,000 and up, \$200,000 - \$250,000, \$250,000 - \$300,000, \$300,000 - \$350,000, \$350,000 - \$400,000, \$400,000 - \$500,000, and \$500,000 and up.
- Interactive Magazine:** A section titled 'Welcome to my Online Interactive Magazine' featuring a large image of the house, a 'Featured Listing' label, and a 'View Details' button. Below this is a 'Related Listings' section with a grid of smaller property images.
- Left Sidebar:** A vertical navigation menu with a 'Home' button and several other property images.
- Bottom:** A navigation bar with various icons and a search bar.

Online Magazines
and Webcasts are on
the cutting edge of
interactive web-based
technology.
